

SWAP SHACK

At Hebron's Transfer Station

The Swap Shack allows Hebron residents to give or take gently used items that are clean and in working order with all their parts for free.

Visitors should park near the grassy hill in the two designated spots and limit access to no more than 10 minutes.

Place your items in the racks provided, no boxes/bags/bins full of items may be left inside unpacked. If there is no space, try again at a later time. It's up to us to keep it safe and well organized!
